### **Form 4506-C Final Published Version**

Yesterday the IRS stated that the new **form 4506-C** is published and currently available online. Additionally, they will be extending the deadline for transitioning to the new form 4506-C. Both versions of Form 4506-C will be accepted through **February 28, 2023**. Effective **March 1, 2023**, the newly published Form 4506-C will be the only form IVES Participants can use.

The following two items were changed from the previously published draft:

- A typo in the **Signature of taxpayer(s)** statement was corrected to remove the double entry of the word line.
- Formatting for the entry field **Line 6, Transcript Requested**, has been corrected to remove the ability to enter a second line.

We appreciate the opportunity to partner with you in this transition and are here to answer any questions you may have. Please download the new form from the following link: [Form 4506-C](#)

Thank you,

Please contact your immediate supervisor with any questions.

Best Regards,
