Lock Desk Guide

Receiving a Rate Lock Request

Rate lock requests will be submitted to Lockdesk@acralending.com. A completed lock request form must be submitted for the rate lock to be processed.

External Portals

The interest rate should be locked within 24 hours of receipt of a rate lock request or extension request. The rate must be locked with the investor prior to disclosing rate lock terms to the borrower. Investor interest rate lock terms should be 15 days longer than the term requested by the borrower (extensions should be the same term).

Goldman Sachs Portal:

1. Navigate to the GS portal at https://loan-lock.amcfirst.com/pub_homepage?redirect_url=cust_pipeline_loan%2F301753%2F200041186
2. Enter Login Credentials (administered by GS)
3. 2 Factor Authentication via Google Authenticator (requires app download)
4. To Lock a new loan choose "Rate Lock" at the top of the page.

5. Choose GSMC- Prime Jumbo Fixed as the product

6. Choose Coupon rate option as specified on the Rate Lock Request Form

Lock In Information Screen

Fields have been added to the lock in information screen that will be used to track information related to the rate lock. The Investor Commitment Info should be used to track the terms of the rate lock. The Price Calculator should be used to document the adjustments made to achieve the final borrower price as referenced on the rate sheet. The Basic Loan Information section is available for quick reference when completing the investor lock or updating the locked terms.

When all information has been filled on the Lock In Information screen complete the following steps:

1. Choose the appropriate task from the list below
2. Create a note in the conversation log with details of rate lock
3. Print Acra – Wholesale Jumbo Prime Rate Lock Confirmation (from the Lock In Screen)
 - a. Upload a copy to DocVelocity with the document tag “Lock Confirmation”
 - i. Add note to designate whether initial lock or lock extension.
4. Send notification email to Broker, AE, TM with Acra – Wholesale Jumbo Prime Rate Lock Confirmation attached.
 - a. Also attach the rate sheet used for the broker’s reference.
5. Upload a copy of Rate Lock Request for all loans to DV

Changes to existing locks

The broker may update the terms of the loan by submitting a re-work request which will trigger the Underwriter to review the file. If changes are made to the loan which may affect the pricing the Underwriter will create a “Jumbo Prime Lock Update Request” task.

1. Upon receipt of a “Jumbo Prime Lock Update Request” task, The lock desk should review the new terms in Bytepro and update the investor portal.
2. If eligible the lock desk will then update the pricing on the Lock in Screen
3. If pricing on the loan was updated and requires redisclosure the lock desk must click the “Price Requires Re-disclosure checkbox” on the Lock In Screen.

4. Print an updated “Acra – Wholesale Jumbo Prime Rate Lock Confirmation” document in Bytepro and upload to DocVelocity with the Tag “Lock Confirmation”.
5. Clear the “Jumbo Prime Lock Update Request” task
6. Create a “Jumbo Prime Lock Update Complete” task.

Closed Loan Investor Lock Reconciliation

All closed Jumbo Prime Loans require the lock desk to confirm that the investor lock reflects the final terms of the loan. Upon status change to Closed a task will be auto generated to initiate the process. Use the following steps to complete:

1. Upon receipt of a “Jumbo Prime Investor Lock Reconciliation” task log into the investor portal and locate the rate lock for the specified loan.
2. Confirm that all terms match the information in Bytepro.
3. If any terms do not match update the investor lock to match the terms in Bytepro.
4. Once all terms match, Clear the “Jumbo Prime Investor Lock Reconciliation” task.

QM Testing

The Lock Desk will need to complete a QM test in Bytepro to confirm that the rate lock terms are eligible.

The QM testing, once activated, will update when the button is clicked, the file is opened, or the screen is changed.
