

General Announcement 03-009

March 15, 2019

Below is a screen shot of the SSCI Document (Section 4 – B (b)) that was updated. Requesting everyone review change to SSCI (no acknowledgment necessary), updated has been posted to the Cintra under Operations/Compliance/Standards for Safeguarding Customer Information.

- b) CSC requires encryption or password protection of sensitive customer information when it is transmitted electronically via public networks and is not under the purview of CSC's Electronic Communication Consent Agreement.
