# ServiceLink Flood – Setup Instructions
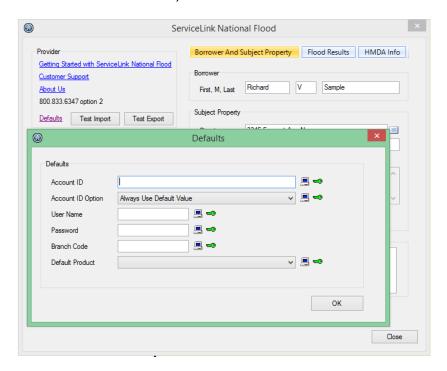

Open any loan in BytePro

Click on "Interfaces" and then on "Flood"

See the list of Flood Interfaces and click on "ServiceLink National Flood"

The ServiceLink Flood Interface will pop up. Click on "Defaults" and add your user name and password. On the Default Product bar, select "Life of Loan + HMDA" and then click "OK."

ServiceLink Flood – Ordering Instructions

Verify the borrower's information. Choose the request type, the product type will default to "Life of Loan + HMDA" and input any other information required for the report – then click "Submit."
